THE NEW DIGITAL LANDSCAPE FOR
K-12 SCHOOL LEADERS

What does the future of education look like?

COX
BUSINESS®

TECHNOLOGY IS HERE TO STAY

K-12 school leaders understand the role technology now plays in educating children. Public, private and charter schools all face a fundamental shift in how they deliver services both on campus and remotely - to make sure students, faculty, facilities, and applications are all seamlessly connected and secure.

EMBRACING A SMARTER PATH

K-12 faculty and staff are getting used to adapting to new devices and learning applications, but how do you keep pace with solutions that are forever changing?

As we think about technology and education, what does a successful, truly connected school look like today?

HOW YOU CONNECT MATTERS

Imagine a robust fiber internet solution that

fuels connectivity to multiple locations,

moving information faster and more securely

in managed cloud-based applications that

free up valuable IT resources.

**MULTIPLE LOCATIONS** ———○——— **CLOUD BASED** ———○——— **FREE UP RESOURCES**

COX
BUSINESS®

IMPROVE PRODUCTIVITY & ACCESS

Imagine teachers being able to access new classroom technologies with cloud desktop applications and remote learning -- all protected by back up and security protocols in the cloud. This, along with programs that make home internet affordable and accessible to all eligible families.

COX Connect2 Compete.

CONNECTIVITY & RESILIENCY

METRO ETHERNET	WAVELENGTH SERVICES	INTERNET SERVICES	HOSTED VOICE
REALLY CONNECT: Imagine having high bandwidths and being able to seamlessly connect multiple locations while potentially even boosting productivity among both staff and students alike with incredible ease.	**BUILD CONFIDENCE:** Discover a point-to-point powerful connection that moves information faster so you can make decisions more quickly. Includes low-latency dedicated bandwidths and greater up-time.	**EXCEL FASTER:** Watch your faculty, staff and students thrive with fast speeds that both accelerate learning and student outcomes. Ask about Cox Optical dedicated fiber with speeds up to 100Gbps.	**TALK IT UP:** Simplify communications across locations with phone systems you can remotely scale and manage from anywhere. IP Centrex provides a cloud-based easy-to-use business voice platform.

COX BUSINESS®

NETWORK & SECURITY

MANAGED Wi-Fi

GET OUTSIDE THE BOX:

Imagine taking learning beyond the walls of the classroom safely & securely anywhere on campus via a managed Wi-Fi service. We install all hardware and manage all the connectivity 24/7.

*Purchase or lease equipment

## NOC AS A SERVICE

ENJOY PEACE OF MIND:

Free up your IT staff resources by outsourcing management and monitoring of your network to industry experts. It comes with round the clock protection and SLA's.

SD-WAN SERVICES

EXPAND DEVICE USAGE:

SD-WAN helps you to improve workflow efficiency, expand use of virtual desktops & applications, enhance reliability, and reduce both bandwidth needs and operational costs.

NETWORK & SECURITY

MANAGED FIREWALL

KEEP IT VERY SECURE:

Managed Firewall provides advanced malware protection and an adaptive, next-generation firewall service that delivers integrated threat defenses for the entire threat attack continuum.

## EMAIL SECURITY

PROTECT EMAIL UPTIME:

Help to ensure maximum continuity to your email environment during a downtime event. Mimecast's web-based management console gives your IT staff control and enables users to solve via self-service apps.

DDoS MITIGATION

COMBAT CYBER ATTACKS:

Our cloud-based Distributed Denial of Service (DDoS) Mitigation solution helps you combat malicious and complex waves of cyber attacks meant to overwhelm your network.
